## MOST CONVENIENT AND COMPLETE BANK DIRECTORY

This bank directory of the world includes reference data of every-day practical importance no other bank directory offers.

It is the only bank directory which gives bank statements in detail, including items of capital, surplus, undivided profits, analyzed deposits, together with the usual asset items of loans and discounts, due from banks, cash and exchange and segregation of bonds. It also reports the quotation of bank stocks and dividend rates. Among other features it gives the clearing-house rules of all cities having such associations, the names of their officers, and the city officials. It reports the names and location of national bank examiners and state bank superintendents and examiners. It has a complete list of members of the Investment Bankers Association and principal stock exchange members, dealers in commercial paper as well as a selected list of general investment dealers.

The usual features such as laws regulating banking and banking practice, directors of banks, reliable attorneys, accessible banking towns, maps of the various States and Canada, are conveniently presented.

# INTRODUCTION

R. L. POLK & CO., publishers of the Hudson City Directory, as well as more than 750 other city, county, state and national directories, present to subscribers and the general public, this, the 1931-32 edition of the Hudson Directory, which also includes Claverack, Stottville and the rural routes pivotal from the Hudson Post Office.

Confidence in the growth of Hudson's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Hudson to the world.

The enviable position occupied by R. L. POLK & CO.'S directories in the estimation of the public throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hudson Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Six Major Departments

The several essential departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 11 to 17, presents a variety of information, such as lists of city, county, state and federal officials; post office directory; statistical review; and manufacturing, trade and civic surveys.

THE STREET AND AVENUE GUIDE, showing the names and locations of all streets, extends from page 18 to page 20.

THE BUYERS' GUIDE, pages 23 to 34, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Hudson and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers eager to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Hudson, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations of Hudson is included in pages 35 to 186. A feature of this section is the inclusion of

the wife's name in parentheses following that of the husband. A similar list for Claverack is contained in pages 191 to 197, and for Stottville, in pages 199 to 209.

THE HUDSON RURAL ROUTES DIRECTORY appears in pages 187 to 189.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 211 to 250. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

#### Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hudson, Claverack and Stottville, for business men, everywhere, realize that the city directory represents a community as it really is. There are more than 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,  
Publishers.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

**R. L. POLK & CO., Publishers**

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

"MAILING LISTS THAT PULL"

**R. L. POLK & CO. PUBLISHERS**

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

**R. L. POLK & CO., Publishers**

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

**R. L. POLK & CO., Publishers**

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

**R. L. POLK & CO., Publishers**

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

**R. L. POLK & CO., Publishers**

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

**R. L. POLK & CO., Publishers**

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

Dr. Johnson, of dictionary fame, said that a man should keep his friendship in constant repair. Paraphrasing the learned doctor, every concern should keep its list of customers in constant repair.

New customers must be obtained to replace those who discontinue because of reasons beyond control. To assist clients in getting new customers is the POLKWAY Mail-List Service. Ask for details.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# Y CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.  
Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# Z FOR EVERY BUSINESS

### d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

### e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (\*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

**The Alphabetical Directory lists**—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

**The Householders' Street Directory** shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

**The Classified Business Directory** shows all business in the city arranged under heading most descriptive of the nature of the business.

## MAILING LIST SERVICE

Trade lists of every description and for any purpose compiled from the latest data obtainable, insuring the highest possible degree of completeness and accuracy. Our Directory Library is the largest of its kind in existence and our facilities for making up lists of any kind required are unequalled.
